

## Southern lights flight day trip from Brisbane

Depart Brisbane on the 14th May and ending in Brisbane on the 14th May and join Aurora hunter and astrophysicist Dr Ian Griffin & a team of expert astronomers and fly into the night, to witness one of the world's most magical natural phenomena. Take off onboard a Qantas Boeing 787-9 Dreamliner, you will head south over the Southern Ocean towards Antarctica, aiming for latitudes of 62 degrees south where the Aurora Australis is brightest. We will take you far away from light pollution, high above the clouds and weather systems to see a magical and unforgettable display with uninterrupted view of the southern lights. Along the way you will see constellations, stars, and planets as you have never witnessed them before. Throughout the flights you will receive a full inflight catering service in both business and economy classes. Expert astronomers will provide information on route about how an aurora is created, as well as pointing out their favourite night sky objects. They will instruct you on how to photograph an aurora and we will have a photographer onboard to assist on how best to use your cameras. Priced from \$1395.00 in a limited view seat (upgrades available on request) two Full-Service QANTAS meals plus snacks, full Bar Service including champagne, beer, spirits and soft drinks, choose your viewing on the in seat entertainment system, knowledge and leadership by expert on board photographers and astronomers.
